

WINNING SCHOOL DECLARATION · AFTER THE RESULT, BEFORE WE ANNOUNCE

THE UMOYA WETHU SCHOOLS SPIRIT CHALLENGE

Your school has won. Congratulations. Judging is done and the prize is yours. Before we announce the result publicly and use your video, and before we transfer the R50,000, we need this one page back. **It is the only document any school is ever asked to sign**, and your principal can confirm it by email from the school address instead of printing it. Once the money lands, a one line email back to say so is all we need for our records.

We asked you for nothing when you entered, and we asked nothing of any other school. We are asking now, once, for one reason: **we are about to publish your entry ourselves** rather than simply share your own post, and we are about to move the money. **Nothing here changes your right to the prize**, which was yours the moment the judges decided.

WHAT THE SCHOOL CONFIRMS

- ☐ **Authority.** I am authorised by the school to give this declaration.
- ☐ **Consent is held, and was held before we filmed and before we posted.** The school obtained **written consent from a parent or legal guardian** for every learner under 18 who is identifiable in the entry. No learner whose parent or guardian did not consent can be identified in it. **The recording, and every image of a learner in it, was therefore made public with the consent of a competent person.**
- ☐ **That consent covers what happens next.** It permits use in **this competition**, names **The Lekker Network (Pty) Ltd**, and permits the recording to be posted publicly on social platforms **including platforms hosted outside South Africa** and used by The Lekker Network to announce and publicise the competition. Parents were told, before they consented, what the recording would be used for and that it would be posted publicly.
- ☐ **Records.** The school holds the signed consents and will keep them **securely and confidentially**, use them **only for this competition**, produce them **within seven days** of a written request, tell the promoter immediately if they are lost or accessed by anyone unauthorised, and securely destroy them at the end of the promoter's three-year retention period.
- ☐ **Withdrawal.** If a parent or guardian withdraws consent, the school will tell **competitions@thelekkernetwork.com** within two working days.
